Mr. Gupta,

5 days ago, during our phone conversation, you mentioned a reply letter was sent.

You should have received this email follow up from me, forwarded below, after our phone conversation, asking for information WHEN said reply letter was sent and TO WHAT address.

Since deadline for issuing refund in the sum of Rs 156,000 has passed well over 6 weeks ago - i.e. first week of may, one month after you received refund request - unless I receive answer from you within 2 days from today (i.e. by Wednesday, June 27th), stating exactly WHEN and TO WHAT address your reply was sent, I will proceed with filing suit in court.

Mr. Gupta,

As a follow up to our phone conversation earlier today - you mentioned a reply letter was sent by Indarprastha Apollo Hospital management staff in response to request for refund for testing done at Indarprastha Apollo Hospital 'The Pet Suite' PET/MRI on March 5th 2018.

Please clarify when such reply letter was sent and to what address.

Despite the fact that I have extensive proof the testing done on March 5th 2018 was a case of malpractice, before taking next steps - i.e. filing suit in court to reclaim funds - I wanted to verify you are aware of this, therefore I need to know whether letter you mentioned today accepts refund liability and when funds would be transferred.

Thank you for your understanding.
