Dear Madam,

We spoke via phone few minutes ago. I mentioned I'll be in Brussels starting tomorrow (Wednesday) for two days. Since I'm systematically prevented from resolving the issue at hand for close to 4 years already while living in Poland, I'm seeking organizations outside Poland that can provide advise and contacts for lawyer(s) and medico-legal expert(s).

I have documentation with me on DVD (multiple copies) I prepared for organizations I'll be visiting. I was going to visit your Paris headquarters specifically to deliver these materials, and hopefully get information I'm seeking - again, lawyer(s), medico-legal expert(s), perhaps other advise as well. However, if you have a physical office in Brussels where I can drop these off, please provide physical address - this would save me time; unless you recommend visiting the Paris office in person.

Kind regards,

M. Siemaszko
