---

Mr. Gupta,

As a follow up to our phone conversation earlier today - you mentioned a reply letter was sent by Indarprastha Apollo Hospital management staff in response to request for refund for testing done at Indarprastha Apollo Hospital 'The Pet Suite' PET/MRI on March 5th 2018.

**Please clarify when such reply letter was sent and to what address.**

Despite the fact that I have extensive proof the testing done on March 5th 2018 was a case of malpractice, before taking next steps - i.e. filing suit in court to reclaim funds - I wanted to verify you are aware of this, therefore I need to know whether letter you mentioned today accepts refund liability and when funds would be transferred.

Thank you for your understanding.
