Mr. Gupta,

This is regarding refund request for testing done on March 5th in Apollo PET/MRI suite.

We spoke last week on Wednesday, you mentioned a reply letter was sent by management. I sent email to you after our phone conversation.

I have not received information from you stating when said letter was sent and to what address, since neither myself nor my legal representative have received anything.

I just sent another email to you, asking for this information. I will wait until Wednesday (27th of June) and I will proceed with filing suit in court unless I receive this information from you by then.

M. Siemaszko
