Dear Mr. Siemaszko,

First of all I would like to thank you for your interest in our services. If you have already some medical documentation or results it will be very helpful.

The package I offered you is urology/oncology, as some symptoms can be very similar and requires specific examinations to find out the right diagnose. The respective doctor in charge will be able adapt the test once the origin of the problems is confirmed.

At the same time I have found another Clinic in the center of Prague which can provide the same urogenital diagnostics as below but with extra MRI and more comprehensive sperm cultivation test incl. spermogram. All the examination will be done in 48 hours and the Clinic is, based on the results, prepared to offer the following treatment. The price of this package is €1250.

Please let me know if I can be of any help,

Yours faithfully,

Jakub Geier

Dear Mr. Geier,

Thank you very much for this detailed response. I expected putting this offer together would take up to two weeks, as I was informed when speaking with your clinic on the 29th of October.

I will follow up with translations of medical documents that I have, which should be ready in second half of coming week - these might help in determining / verifying which tests

are needed in order to properly diagnose this.

Regarding your mention of oncology department - I did not suffer from nor underwent any cancer related treatments; I did mention this change (in how urogenital looks & functions) **happened suddenly** (over the course of 1-2 days); cancers, as far as I know, develop over much longer periods of time and various symptoms can be picked up and acted upon consciously.

I will be in touch this coming week with documents I mentioned earlier.

Kind regards,

--

Dear Mr. Siemaszko,

First of all I need to apologize for the delay. We were addressing more clinics in order to find the care you are looking for. We had a success and I can now confirm we can arrange a package of the examinations for you. It consists of the following examinations and procedures:

- Physical examination of abdomen, lower-abdomen, genital
- Digital examination of rectum
- Palpation examination of prostate
- Ultrasound examination of prostate, kidneys, urinary bladder and genitals
- Doppler examination of the blood-flow in genitals
- Uroflowmetry
- Complex laboratory tests (blood, biochemicals, hormones, serology, STD, kidneys)
- Sperm and urine cultivation

The Clinic we found for you in Prague is specialized in the oncology-urology. It offers a comprehensive diagnostics by the leading doctors in the field of urology. All doctors speaks fluent English and posses the highest qualification earned in the Czech Republic and supported by many internships abroad.

The doctor will give you the results and recommend following steps in order to help you with the problems in a gentle and fast way.

The package costs € 650. Please find attached the Call for the payment and the price-list of our facultative services.

I am happy to reserve you the date for the examination. Do you already have some dates you will be coming to the Czech Republic?

I can also assist you with booking of the flight tickets, find the accommodation according to you preference and arrange the transport from/to the airport if you need. Our trained staff is also able to provide you with a number of accompanying services as well as support services guaranteeing comfort and convenience of your stay in the Czech Republic.

Should you have any questions, do not hesitate to contact me.

Yours faithfully,

Jakub Geier
